Wei Chen

AI Developer (LLM / NLP)

wei.chen@example.com | +65 8123 4567 | Singapore

Summary

AI developer focused on LLM applications and conversational AI. Ships fast with modern LLM tooling; less hands-on with low-level deep learning frameworks.

Skills

Python, LLMs, LangChain, Hugging Face, OpenAI API, RAG, prompt engineering, FastAPI, SQL, vector databases (Pinecone). Limited TensorFlow/PyTorch; limited cloud deployment.

Experience

- AI Developer, ChatSys (2021-Present): Built retrieval-augmented chatbots with LangChain and the OpenAI API; designed prompt pipelines and evaluation harnesses.
- Backend Developer, WebNest (2019-2021): Built Python/FastAPI services and data integrations.

Education

B.Eng., Information Engineering, NUS (2019)
