Aisha Khan

Junior AI Developer

aisha.khan@example.com | +92 300 1234567 | Lahore, Pakistan

Summary

Entry-level AI developer (1 year including internships). Solid Python and classical ML fundamentals from coursework and projects; building depth in deep learning.

Skills

Python, scikit-learn, Pandas, NumPy, basic TensorFlow, SQL, Matplotlib. Academic projects in ML.

Experience

- AI Intern, TechStart (2023-2024): Built a sentiment-analysis model (scikit-learn) and a small Streamlit demo.
- Final-year project: Image classifier using a basic CNN in TensorFlow/Keras.

Education

B.S., Computer Science, LUMS (2023)

Certifications

Machine Learning (Coursera, Andrew Ng)
